

System of Care Implementation Survey Instructions

As part of Indiana's System of Care (SOC) Expansion Planning Grant, a survey is being completed to get feedback about behavioral health services for children, youth, and families. An online version of the survey may be obtained by visiting one of the following websites:

- Division of Mental Health and Addiction (DMHA): http://in.gov/fssa/dmha/2875.htm
- NAMI Indiana: http://www.namiindiana.org

The survey is about children and youth with mental health and/or substance use needs that interfere with their functioning at home, school, or in the community.

You are invited to respond to the System of Care Implementation Survey (SOCIS) regarding local behavioral health services in your community. The survey can also be completed regarding statewide child behavioral health services. Participation is voluntary, and all responses will be anonymous and kept confidential. There are no right or wrong answers. We are interested in your opinion of the children's mental health and substance use service delivery system. The instructions to complete the SOC survey are as follows:

- Please complete the survey once for your community and, if you wish, once for statewide child behavioral health services.
- Allow about 30 minutes so that you can complete the questionnaire. If you complete the survey on-line, you need to complete the survey in its entirety once you start.
- <u>Online Survey</u>- Use the following link to complete the survey online: https://www.surveymonkey.com/s/279JL2B.
- <u>Paper Survey</u>- If you do not wish to complete the survey on-line, print the PDF version of the survey. Return the completed survey to DMHA by one of the following means:
 - o Fax survey to: (317) 233-3472
 - o Scan and return survey via email: DMHAyouthservices@fssa.in.gov
 - o Mail to:
